PET CREMATION

CREMATION SERVICES

Pet owners bear the responsibility of making difficult life and end-of-life decisions for their companions. In collaboration with your veterinary clinic, we'll support you with care as you navigate the sensitive decisions regarding your pet's cremation arrangements.

PRIVATE CREMATION

Private cremation offers clients the ability to have your pet's cremated remains returned to you in an urn or keepsake of your choosing. During cremation your pet will be the only animal in the cremation chamber. Once the process is complete, we diligently place your animal's ashes in the urn you selected.

COMMUNAL CREMATION

Communal cremation offers clients the opportunity to have their pet respectfully cremated without having the cremated remains returned to them. In this process, your pet is carefully placed in the cremation unit along with other pets. The communal cremains are then collected and placed in our memorial garden at 42°57'N 81°00'W. As no cremated remains are returned to pet owners during this process you may want to choose additional memorial keepsakes or pawprints.

PRIVATE VIEWING & VISITATION

Private viewing and visitation for pet cremation offers a serene and intimate environment for pet owners to bid farewell to their beloved companions. During this time, pet owners are provided with a dedicated space where they can spend moments of quiet reflection with their cherished pet before the cremation process begins. In this tranquil setting, surrounded by comforting ambiance and supported by compassionate staff, pet owners can share heartfelt goodbyes, reminisce about cherished memories, and offer final gestures of love and gratitude. Whether it's a gentle stroke of fur, whispered words of affection, or simply being present in each other's company, private viewing and visitation allow for meaningful closure and the opportunity to honor the bond shared with their faithful friend. The experience is personalized to accommodate the unique needs and preferences of each pet owner, ensuring a respectful and dignified farewell. Throughout the process, empathy and understanding guide every interaction, providing solace and support during this emotional time of saying goodbye. There are additional costs for private viewing.

STANDARD URNS

URNSC-B03

Personalized framed artworks from pet photos, turning cherished moments into vibrant masterpieces. Celebrate and immortalize your pet's unique personality.

SYDNEY
5/5 - 9/20
Sydney, the clever Border Collie, delights in playfully teasing us at the park. As evidenced by both her eyes and demeanor, this is a girl who knows just how to make her human's heart melt. Her playful antics and gentle nature make her the perfect companion for anyone who loves a good doggy snuggle.

CELEBRATION FOREST TREE MEMORIAL

The Celebration Forest is an ongoing naturalization project sponsored by donors who wish to plant trees in memory of loved ones. Each year, hundreds of trees are planted in memory and in celebration, making a living, breathing monument to its Honourees.

Native tree species may be purchased through London Beloved Pet Cremation. In the fall, you may choose to plant that tree personally or have it planted on your behalf. If you choose to memorialize your pet by planting a tree more information will be provided to you upon your purchase.

CFTREE01

Burial information can be provided upon request. Please contact London Beloved Pet Cremation during office hours.
